Meyer Music
Mieras Family Shoes
Ada Bike Shop**

*** Karl Orthodontist is also a Voucher Vendor, you will need a voucher from GCA TRIP to submit with your payment and they will send the earnings back to GCA TRIP.

SPECIAL ORDERS

Large denomination gift cards

Need gift cards in a dollar amount not currently offered? Here are some popular categories that are special ordered for larger denomination gift cards:

- Home improvement projects
- Furniture and appliances
- Wedding presents
- Travel
- Computer and office supplies
- Food for parties or other large group events

Special Order Considerations

- **Limited brands available.** Special orders are only available for a limited selection of brands RaiseRight currently carries. We will contact you if your request includes any brands that are not available for special order.
 - **\$500 minimum.** All brands require a \$500 (face value) minimum for special orders, and some may require more.
 - **Longer lead times.** The lead time for special orders is typically longer than typical turnaround times for physical gift cards and may be as long as two weeks. We will provide you with the expected turnaround time once we receive your order. Like with regular RaiseRight orders, special orders are not processed until payment is received.
 - **Shipping rates apply.** A separate shipping charge will apply if the special order is not shipped with one of your regular organization's orders. Please note that due to the longer lead times, it is not possible to add special orders to a regular order that was placed before the special order request.
 - **No returns.** Special orders are non-stock items and cannot be returned to RaiseRight.
 - **Not available during December.** Due to higher order volume during the holiday season, special orders may not be available to order in December.
-
